

2017 STAFF TRAINING & BOOKING REQUEST FORM

ADULT SPEECH PATHOLOGY

TOPICS INCLUDE:

- **DYSPHAGIA MANAGEMENT: (POPULAR)**

Identifying, understanding and managing swallowing difficulties, including modified diets/fluids and safe swallowing techniques.

- **FAMILY AND PARTNER DYSPHAGIA TRAINING: (NEW)**

A 30 minute session developed to support families to safely assist their family members within residential care facilities.

- **THICKENED FLUIDS: (NEW)**

A shorter session (45 mins), focusing specifically on the 'why', 'when' and 'how' of thickening fluids.

- **KITCHEN TRAINING:**

Understanding modified textured diets and thickened fluids and ensuring compliance with the current Australian Standards.

- **SWALLOWING IN ADVANCED DEMENTIA:**

How dementia affects swallowing and ways to maintain resident comfort and quality of life.

- **FACILITATING COMMUNICATION:**

Understanding the nature of different communication disorders and ways to better support our residents.

ABOUT OUR SESSIONS:

- Length of training sessions is negotiable, but typically 1hr, 1.5hr or 2hr sessions are provided
- Sessions are tailored to suit your specific requirements
- Small or large groups welcome
- Practical components are included (and even more so in the 1.5 – 2hr sessions)
- Video and diagrams are also used to facilitate learning
- Handouts are provided
- Pre and post session questionnaires to demonstrate learning are available (at your request)
